Commissions, trailing commissions, management fees and expenses all may be associated with mutual fund investments. Please read the prospectus before investing. The indicated rates of return are the historical annual compounded total returns including changes in unit value and reinvestment of all distributions and do not take into account sales, redemption, distribution or optional charges or income taxes payable by any security holder that would have reduced returns. Index performance does not include the impact of fees, commissions, and expenses that would be payable by investors in investment products that seek to track an index. Mutual funds are not guaranteed, their values change frequently and past performance may not be repeated.
